

Socio Economic Caste Census-2011

The Govt. of India, Ministry of Rural Development, decided to conduct a Socio-Economic and Caste Census (SECC)-2011 for 12th Five Year Plan. From this survey priorities families can be identified based on 14 exclusion indicators, 5 inclusion indicator and 7 deprived indicators. In Haryana State survey was conducted during 2011 in both Rural and Urban Areas by the Ministry through Bharat Electronics Limited (BEL) with the help of district authorities.

SECC-2011 - Features & Process

1. During the November, 2011, the Govt. of India, Ministry of Rural Development, had decided to conduct Socio-Economic and Caste Census survey to identify the BPL families for 12th Five Year Plan in the rural areas of the State. Similarly, in urban areas the Ministry of Housing and Urban Poverty Alleviation (MoHUPA) defined the criteria for urban areas. Registrar General of India (RGI) has provided their enumeration blocks, layout and registers including house listing used by them during census. The main features of the survey conducted in the year 2011-12 are as under:-

- Bharat Electronic Limited (BEL), as per agreement with Gol, conducted door to door survey to collect data in 15687 PC tablets through their operators in 32320 rural enumeration blocks and 12068 EBs in urban areas (each EB having 100-150 families).
- Following officers were notified under to conduct SECC-2011 in rural areas of the State on 16.8.2011:-
